

Community Learning Fund

School materials and library travel grants

September 2026 | All payment amounts in Indian rupees (INR)

This fictional register documents financial support for learners at Navapur learning centres.

School materials grants reimburse notebooks and geometry kits for the new teaching term.

Library travel reimbursements cover return bus fares to attend the community library.

Each table row is one payment record. Names and payment references are invented.

The tables include 22 source records with repeated exports and spelling variations.

Values represent money paid to a recipient rather than attendance or verified outcomes.

A repeated large school payment is included to test duplicate reconciliation and outlier review.

Do not treat the source row count as the number of distinct people supported.

The next two pages contain machine-readable tables for the upload workflow.

The website receives table headings and aggregates for AI summaries; cover prose stays local.

Learner grant payments - September 2026 (INR)

Synthetic source register - school learning materials and library access travel

Recipient Name	Payment Date	Program - Learner Grant Purpose	Amount Paid (INR)
Muskan Arora	2026-09-06	Library Access - Travel Reimbursements (INR)	100
